Digital Marketing Strategy Audit

GLIDE MISSION

To create just and compassionate community
by addressing poverty, homelessness, and
social injustice.

Through direct services, advocacy, and
community partnerships, GLIDE works to
uplift and empower those in need.

OVERVIEW

WEBSITE EFFECTIVENESS

Primary digital hub for community information and donations. Effectively communicates mission but remains heavily brand-centric.

UX FRICTION POINTS

Key actions (Donate, Volunteer, Access Services) require multiple clicks, creating significant friction for high-intent visitors.

SOCIAL MEDIA

GLIDE is active across major platforms, but uneven posting frequency and limited distribution strategies reduce engagement and volunteer conversion potential.

EMAIL ASSESSMENT

Emails support community engagement but need better mobile optimization, clearer CTAs, and improved deliverability to maximize reach and action.

CUSTOMER PERSONAS

Volunteer Persona

Name: Maya Rodriguez
Age: 27

Occupation: Marketing Coordinator
Location: San Francisco

Goals

- Give back to the community
- Support organizations working on homelessness and social justice
- Meet like-minded people through volunteering

Active on Instagram and TikTok

How GLIDE Can Reach

- Instagram Reels showing volunteer impact
- Clear “Volunteer Now” CTA on website
- Short TikTok videos highlighting community work

Donor Persona

Name: David Chen
Age: 48

Occupation: Tech Executive
Location: Silicon Valley

Goals

- Support meaningful social causes
- Contribute to organizations making measurable impact

*Uses LinkedIn and email newsletters
Reads impact reports before donating*

How GLIDE Can Reach

- LinkedIn thought leadership posts
- Email campaigns with impact metrics
- Clear donation tiers (e.g., \$25 = meals served)

Support Seeker Persona

Name: Michael Johnson
Age: 39

Occupation: Part-time worker
Location: Tenderloin, San Francisco

Goals

- Access food programs and community support
- Find stable housing resources

*Uses mobile search and community resource websites
Looks for local assistance programs online*

How GLIDE Can Reach

- SEO-optimized pages for community meals and assistance programs
- Clear “Get Help” navigation on website

ORGANIC PERFORMANCE & METRICS

GLIDE maintains stable search visibility (~18.5K visits) but faces a significant **Discovery Gap**. Traffic is heavily concentrated (90%) on brand and church-related pages.

Metric Category	Current Performance / Status
Organic Traffic	~18.5K Monthly Visits (+5% Growth)
Keyword Rankings	~2.3K Primarily Branded / Informational
Backlink Profile	~2.6K Referring Domains (High Credibility)
AI Visibility Score	27 / 100 Limited AI Representation

KEYWORD INTENT

- Navigational: 32%
- Informational: 26%
- Commercial: 25%
- Transactional: 17%

AI VISIBILITY

VISIBILITY SCORE

27 /100

THE DISCOVERY GAP

Low transactional intent (17%) and limited AI representation suggest GLIDE is found by name but missed in broader service discovery queries.

COMPETITIVE LANDSCAPE

SF-MARIN FOOD BANK

Ranks strongly for food assistance and community support searches due to highly optimized service pages.

ST. ANTHONY'S FOUNDATION

Maintains strong organic visibility through consistent content related to homelessness services and community programs.

HANDSON BAY AREA

Captures volunteer-related traffic through optimized event listings and volunteer opportunity pages.

SUCCESS FACTOR: ALIGNING WEBSITE CONTENT WITH HIGH-INTENT SEARCH QUERIES RATHER THAN BRAND DISCOVERY ALONE.

Quick Wins

0–30 DAYS

SEO OPTIMIZATION: SERVICE- FOCUSED PAGES

Create optimized pages targeting: Volunteer opportunities in San Francisco, Homeless support programs & Community meal programs. This will **increase non-branded search visibility**.

WEBSITE UX IMPROVEMENTS

Introduce clear action pathways - **Get Help, Volunteer, Donate, Our Impact**. Reduce navigation friction.

CONTENT OPTIMIZATION

Update existing pages with **SEO-friendly content and FAQs** to improve search rankings and make services easier to discover.

Long term

30–90 DAYS

SERVICE-FOCUSED CONTENT EXPANSION

Include taglines like **Volunteer opportunities in San Francisco, Homeless assistance programs**

AI SEARCH OPTIMIZATION & GEO VISIBILITY

examples to input in headings: What GLIDE Does.
Questions like: Where can I get free meals in San Francisco?

Backlink Growth

Increase partnerships with **local nonprofits, media outlets, and community organizations** to expand referring domains.

Website UI/UX

CRITICAL PAIN POINTS

GLIDE's challenge is not content quality, but distribution and measurement infrastructure.

SNAPSHOT ASSESSMENT- SOCIAL MEDIA

INVISIBLE IMPACT (MEASUREMENT)

Lack of **UTM parameters** means social donations appear as "direct" traffic, making channel ROI invisible to leadership.

WEBSITE FRICTION (CONVERSION)

Nav-heavy design; **Donate/Volunteer CTAs** are not prominent on mobile above the fold, losing high-intent visitors.

GOOGLE AD GRANTS (OPPORTUNITY)

\$10K/month FREE ad budget is currently unactivated. This is the highest-impact zero-cost opportunity available.

Insights

SOCIAL MEDIA AUDIT

Platform	Primary Audience	Best Use	Current Gap
Facebook	Donors 35–65, SF locals	Fundraising, events, storytelling	No post-boosting, weak CTAs
Instagram	Volunteers 22–40, advocates	Reels, behind-the-scenes, impact moments	Inconsistent Reels, Follower-to-engagement ratio is low
LinkedIn	Corporate partners, major donors	Thought leadership, partnerships	Similar content being posted on other platforms
YouTube	All audiences via search	Long-form stories, Sunday Celebration archive, Shorts	690 subscribers despite 353 videos
TikTok	Volunteers 18–35, Gen Z & Millennials Advocates	Short authentic videos, volunteer recruitment, and awareness	229 followers — strong engagement ratio, but no volunteer CTA strategy

- Currently UNKNOWN without platform analytics audit—using Meta Business Suite Audience Insights
- FB: Average engagement ~1.7% — actually above the 1–3% nonprofit benchmark, video dramatically outperforms photos
- TikTok: ~8 likes per follower — content resonates; reach is the bottleneck
- YouTube: 121 views / 3 months on compelling story = distribution challenge, not content quality

SOCIAL MEDIA AUDIT

PLATFORM	FOLLOWERS	ENGAGEMENT	AUDIENCE	PRIORITY
Facebook	23.5 K	9,100+ posts; verified	Donors (35–65)	#1 FUNDRAISING
Instagram	10.9K	4,626 posts; Stories & Highlights active	Volunteers (22–40)	#2 VOLUNTEERS
LinkedIn	11K	Low frequency (~1–2x/week)	Corporate / Donors	#3 OUTCOMES
YT	Growth	353 videos of YT	Gen Z / Advocates	AWARENES

STRATEGIC FIX: AUDIENCE TAILORING

Implement platform-specific strategies. No to post the same awareness graphics to all 5 platforms; tailor content to the unique audience demographics of each channel.

QUICK WINS

0–30 DAYS

ACTIVATE GOOGLE AD GRANTS

Secure **\$10K/month FREE** ad budget to target high-intent search queries immediately.

IMPLEMENT UTM TRACKING

Add UTM links to every social post to make **Social ROI** visible to leadership.
Pull Meta Business Suite + LinkedIn analytics — know who's following today

IMPACT FORMULA

Adopt the **"\$25=15 meals"** formula across all donation touchpoints

LONG-TERM

30–90 DAYS

DONATION PAGE REDESIGN

Create a **mobile-first**, frictionless giving experience with gift tiers.

EMAIL SEGMENTATION

Build distinct flows for **Donors, Volunteers, and Corporate** partners.

PLATFORM DISTRIBUTION

Launch **Instagram Reels 3x/week** and optimize YouTube Shorts distribution

TikTok pin volunteer recruitment video + **add CTA to all top posts**

CONTENT CALENDAR

Day	Platform	Post Type	Content Idea	Goal	CTA
Mon	Instagram	Month-in-Review Carousel	Key moments, meals served, volunteers deployed, events held. Last slide: 'Help us do it again next month.'	Engagement / Impact proof	Save + share this recap
Mon	TikTok	Month Recap Short Video	'Here's everything GLIDE did this month in 60 seconds.' Fast-cut montage with stat overlays. Hook: 'You won't believe what happened...'	Retention / Reach	Follow for next month's updates

ROI FRAMEWORK

FUNDRAISING

Donations via UTM Tracking

VOLUNTEERS

Sign-ups by Source (GA4)

AWARENESS

Reach + Follower Growth

TARGETING MATRIX

AUDIENCE	PLATFORM	CONTENT NEEDED
Donors (35-65)	FB + Email	Impact stories, gift tiers, campaigns
Volunteers (22-40)	IG + TikTok	Behind-the-scenes, sign-up CTAs
Corporate (30-55)	LinkedIn	Outcomes, leadership, social proof
Advocates (18-45)	IG + TikTok	Policy wins, justice moments

"GLIDE's stories are powerful. The gap is measurement, segmentation, and distribution discipline. None of the highest-impact fixes require budget."

HOW TO DETERMINE ROI

Goal	Metric	Tool
Fundraising	Donations via UTM links	GA4 + CRM
Volunteers	Sign-ups by source	Linktree + CRM
Awareness	Reach + follower growth	Meta Business Suite
Engagement	$(\text{Likes} + \text{Cmts} + \text{Shares}) \div \text{Followers} \times 100$	Meta Analytics
Email	Open / click / conversions	Mailchimp / CC

$$\text{ROI} = \text{Social donations} \div \text{Social management cost} \times 100$$

EMAIL ASSESSMENT

- **Emails should be fully mobile-optimized** since a large share of users read emails on their phones.
- Need frequency **3 times a week**.
- Use a **single-column layout** to make content easy to scroll and read.
- Keep **paragraphs short** and content concise for better mobile readability.
- Use **large, clear CTA buttons** such as **Donate Now** or **Volunteer Today**.
- Preview and test emails on **mobile before sending** to ensure a smooth user experience.

Recommendation: Improving mobile email design will increase **readability, engagement, and click-through rates**.

SWOT ANALYSIS

- Strong brand authority and community trust in San Francisco
- Mission-driven storytelling that resonates with donors and volunteers
- Established volunteer and donor network supporting programs
- Strong backlink profile and institutional credibility online

- Website UX friction for key actions (Donate, Volunteer, Access Services)
- SEO visibility concentrated on branded searches rather than service discovery
- Limited email segmentation and personalization
- Underutilized social media distribution strategy

- Service-focused SEO content to capture high-intent searches (volunteering, community services)
- Short-form video and storytelling to expand social media reach
- Email automation and audience segmentation to increase engagement
- Digital advertising and Google Ad Grants to drive donations and volunteer sign-ups

- High nonprofit competition for donor attention and funding
- Changing social media algorithms reducing organic reach
- Economic uncertainty impacting donor behavior
- Growing demand for services increasing operational pressure
